

## Environmental Policy

Corrigan Moving Systems is dedicated to partnering with our environment

- Recycle the used oil from our fleet.
- Recycle worn tires in our fleet.
- Use technology in our fleet to maximize fuel efficiency.
- Recycle paper in specific recycle bins.
- Reuse cardboard products whenever possible.
- Recycle cardboard products that are unfit for public use.
- Reducing our use of gas and electricity are a priority.
- Only environmental friendly products are used at our facility.
- Wildlife feeding at our facility by employee's is prohibited.

Every effort should be made on a daily basis to ensure that we are doing our part to protect and preserve our environment.

If at any time you believe that we at Corrigan are not abiding by our own environmental policy, you are encouraged to bring this to your immediate supervisors' attention. We also have an open-door policy at Corrigan, so any member of Management would be happy to assist.
